## Mitchell Talks to the Miners

From Twenty to Thirty Thousand Line Up in Parade Today

## CARRY WAR INTO EGYPT

Bituminous Miners Are Likely To Pledge Their Support to the Strikers.

## OPERATORS CAN DO NO MORE

Scranton, Pa., Oct. 10.—The great feature of the mining situation today is this afternoon's parade. President Mitchell and staff arrived this morning from Hazelton to take part. He was received with a great ovation at the depot. It is estimated that from twenty-five to thirty thousand men will be in line. Mitchell will address the multitude at Laurel Hill Park and much weight will be placed to his remarks.

### Settlement Still Possible.

Hazleton, Pa., Oct. 10.—A settlement of the anthracite coal-miner's strike is still only a remote possibility, notwithstanding the call for a convention in Scranton Friday, which has been sent out by President Mitchell and his colleagues. Mr. Mitchell has retained the rooms which he occupied as offices in the Valley hotel in this city, and it is understood that he will return here.

The fact is regarded as an indication of the opinion of the national president that the officers may get orders from the meeting to "carry the war into Egypt." Before his departure for Shamokin President Mitchell declined to discuss the probable outcome of the convention, and said that its action would be followed by the officers of the United Mine Workers of America, including himself.

### Bituminous Pledge Possible.

It was said this afternoon that the bituminous miners would pledge their support to the anthracite men at the Scranton conference. W. D. Ryan, secretary-treasurer of district 12, which covers Illinois and which is the biggest district in the mineworkers' organization, will be present, and it is understood he will pledge the 25,000 members and the \$25,000 which the Illinois miners have to the men who are engaged in the present strike. Besides it will be possible for the officers of the bituminous fields' unions to levy an assessment of from \$1 to \$2 a week on their working members.

### Operators Will Do No More.

Scranton, Pa., Oct. 10.—Interviews with prominent operators here today elicited a uniform declaration that no further concessions or modifications of the present offer will be made, and that the miners must take it or leave it just as it stands. All arrangements for tomorrow's big parade and mass meeting are now complete. Fully 20,000 will be in the parade, and it is estimated 50,000 persons will assemble to hear President Mitchell and others speak. The national officers come here tomorrow and will remain here until after the convention and possibly till the strike is settled.

## YOUTSEY IS STILL IN HEAVY STUPOR

Man On Trial For Being An Accessory In the Goebel Murder Thought to Be Insane.

Georgetown, Ky., Oct. 10.—Youtsey, who created a sensational scene in court last night was still in a stupor this morning and Judge Cantrell adjourned the case until tomorrow.

After the removal of the prisoner from court to his cell last night he became violent and three men were necessary to restrain him. There is hardly a doubt but that the prisoner was suffering from temporary insanity when he made the outbreak. The physician says he may recover his senses in a day or two.

Some say that when Arthur Goebel took the stand his likeness to the dead man caused the defendant to become frantic from fear. The case will be continued as soon as Youtsey recovers his understanding.

## SLIPPERS OF HUMAN SKIN.

A Madison Girl's Present from a Chicago Medical Student.

Madison, Wis., Oct. 10.—Miss Myrtle Downing of 749 East Gorham street of this city has a pair of slippers made from the human skin. Miss Downing recently got a piece of human skin from a medical student in Chicago who took it from a body in the dissecting room of his college. The skin was tanned and Miss Downing had it made into slippers by a local shoemaker who did not know what his material was.

## STATE PRESBYTERY MEETS.

Wisconsin Synod Begins Annual Session With Large Attendance.

Waukesha, Wis., Oct. 10.—The annual meeting of the Presbyterian Synod of Wisconsin commenced yesterday at the Presbyterian church, and up to today nearly 100 out-of-town Presbyterian clergymen have arrived in the city.

The meeting opened with a sermon by the Moderator, the Rev. Howard A. Talbot. After the roll call the Rev. Samuel Brown of Ashland was elected Moderator. The Rev. Louis Peope of Fond du Lac and the Rev. R. Norton of Candon, clerks.

At the meeting last evening the Rev. J. H. Richley presented an interesting report of the Committee on Freedmen, after which the Rev. W. H. Weaver of Baltimore gave an illustrated lecture on work among the negroes in the South.

## H. C. PAYNE SAYS BRYAN SEES DEFEAT

Democratic Candidate Beginning to Cry "Fraud" While on the Down Grade.

Chicago, Ill., Oct. 10.—Henry C. Payne, vice-chairman of the Republican national executive committee, declared yesterday that William Jennings Bryan had admitted that he was already a defeated man. Mr. Payne based this assertion on that part of Mr. Bryan's speech at Salem which charged the Republican party with planning to buy votes and to corrupt and coöperate voters. Said Mr. Payne:

"When a man who is running for office knows that he is beaten, the first indication of this knowledge is that he cries 'fraud.' Bryan is beaten now. He knows it; he cries 'fraud,' just as he did four years ago a few weeks before the election, when he realized that he was on the down grade. The tide is turning our way. It began turning our way about ten days ago. It has been coming stronger every day, not here nor there, but all over. If the democrats cannot stop this general movement to McKinley, Roosevelt and continued prosperity, they will be so thoroughly beaten that they will never get courage enough to try it again."

"So far as Mr. Bryan's charges are concerned I have only this to say: He does not know what he is talking about; they are too ridiculous for us to notice; they are the outward signs of an inward realization that he is a defeated candidate—and that is all there is to it."

## BRAZIL PREPARES FOR WAR.

Moves Troops to Bolivian Frontier Ready to Strike.

San Francisco, Cal., Oct. 10.—Newspapers and private correspondence from South America contain accounts of preparations being made between Bolivia and Brazil toward war. An early resumption of hostilities is expected between the two countries.

El Heraldo of Valparaiso, Chile, states that Brazil has during the past four months moved 10,000 troops to the Bolivian frontier. More than one-half of these were sent during the past month. It is the intention of the Brazilian government to stop the Bolivian insurgents from crossing into Brazil, as well as to stop the incursions of Bolivian troops.

## GALE CAUSES LOSS OF LIFE.

Vessels and Newfoundland Towns Suffer in Recent Storm.

St. John's N. F., Oct. 10.—According to reports from St. Pierre seventeen fishing vessels that were operating on the grand banks during the gale of Sept. 12 are missing, with crews aggregating over 200 men.

A number of other vessels that have arrived here within the last few days have reported a loss of one to seven men each. The fatality list probably exceeds 300.

Serious disaster has visited a number of Newfoundland fishing harbors, Burin, on the west side of Placentia Bay, alone losing thirty-five men.

## HANNA AND FRYE AT MADISON.

They Will Speak at the Capital City on Monday, October 15.

Madison, Wis., Oct. 10, 1900.—Senators Mark A. Hanna, of Ohio, and W. P. Frye, of Maine, are to speak in Madison, October 15 at the opening of the Madison Carnival.

The County committee desires that all prominent republicans of the state, so far as possible, be present at this meeting, as this is one of the only two speeches to be made in this state by Senator Hanna.

Phinney's U. S. Band of forty pieces will come from Chicago with Messrs. Hanna and Frye, and will escort them from the depot to the speakers' stand. The rates are half fare on all railroads.

### Socialists Are Subdued.

Brussels, Oct. 10.—The enthusiasm over the home-coming of Prince Albert and his bride is very extraordinary. Not for twenty years have such loyal demonstrations been witnessed in this city. The opposition of the socialists has been completely subdued and that party is now morally defeated.

## M'KINLEY SURE HE WILL BE ELECTED

### CONFIDENCE IN THE GOOD REPORTS HE HAS RECEIVED.

All He Asks is for Republicans to Keep Up the Work Now Being Done, Until Election Day—He is Satisfied Bryan is Hurting His Own Cause with Every Speech He Makes.

Washington, Oct. 10.—President McKinley returns from Washington full of confidence in the success of the republican ticket four weeks from yesterday. He had reports from all of the so-called doubtful states and he has no doubt of the result. All he asks is that republicans everywhere continue to work as they are now working, and that there be no cessation of activity till the ballots are all in and counted.

### McKinley Is Confident.

The president, as everyone knows, is a most excellent judge of public opinion. His acuteness in this direction has long been admitted to be as nearly infallible as human judgment can be. He cannot easily be mislead, either by the bluster of his opponents or the overconfidence of his friends.

The advices which the president has received indicate that the republican electoral tickets will be successful in every northern state east of the Missouri river, in all the Pacific coast states, in the border states of Delaware, Maryland, West Virginia and perhaps Kentucky, in such western states as Kansas, North and South Dakota and Wyoming, with even chances for Nebraska, Colorado, Idaho, Montana, Utah and Nevada.

### His Judgment Is Good.

At the cabinet meeting yesterday afternoon there was an informal discussion of the political situation. All the members present were delighted at the serene confidence shown by the president, whose information and judgment they know to be the best.

President McKinley's fully content to devote all his time to public business, leaving Mr. Bryan a monopoly of speechmaking. He is satisfied that the democratic candidate is hurting his own cause in almost every speech he makes.

### Government Levees in Danger.

The government levees south of and opposite the city are still intact, but at any moment the flood scenes of last spring may be repeated at these points as there are many crumbling and leaking sections of the levee that threaten to break.

In the northern part of the city the water is pouring through the streets, inundating cellars and buildings.

Many families have been compelled to move to higher ground.

### MISSISSIPPI RIVER RISING.

Winona, Minn., Oct. 10.—The Mississippi River at this point today rose over a foot, now registering 12.6 above the low water mark. The river is now the highest it has been in over a year, and if it continues to rise at its present rate for another day serious damage will result.

### Serious Damage at La Crosse.

La Crosse, Wis., Oct. 10.—The Mississippi River has risen over a foot at this point within the last twenty-four hours and the river is now at the highest stage this season. Great damage has been done along the river in this vicinity to farmers who occupy the bottom land.

The Black River has receded slightly. The Chippewa River has been on the rampage and many towns have been inundated. Railroad traffic on the Chippewa division of the Milwaukee road has been practically suspended on account of the washouts.

### THE GRAND LODGE OF GOOD TEMPLARS

Annual Session of the Wisconsin Society Being Held In the City of Milwaukee.

Milwaukee, Oct. 10.—The Wisconsin Grand Lodge of Good Templars opened its annual session yesterday in the assembly room of the Y. M. C. A. building. Every county in the state is represented at the convention.

The order has made big strides in the last year. The net gain is about 1,700 and the membership is said to be increasing each week. The sessions are held behind closed doors.

The only feature of importance at the sessions was the report of the committee on juvenile lodges, which department it was recommended be discontinued. It was suggested in the report that it would be better to remove the age limit and admit children to the regular lodges.

### FREE DINNER TO EMPLOYEES.

Factory at Oshkosh Will Serve Hot Meal at Noon Hour.

Oshkosh, Wis., Oct. 10.—Within the present month the Diamond Match company, whose plant here is the largest in the world, will inaugurate the plan of serving a hot noonday meal to its employees. Hot soup and coffee will form the principal articles upon the bill.

Many of the employees of the factory are girls and they live a long ways from the factory. They are thus compelled to bring their dinner, and the factory people feel that the serving of warm lunch will conduce to the health and comfort of the operatives.

It will be the first attempt of the kind in the history of Wisconsin, and, it is believed, in the West.

### DID NOT KNOW HIS NECK WAS BROKEN

New York Man Lives Hours With His Neck Fractured and a Broken Neck—Dies While Sleeping.

New York, Oct. 10.—For six hours C. J. Lang, 38 years old, walked, talked, laughed and enjoyed himself with his family in ignorance that his skull was fractured and his neck broken.

It was not until he had retired and his pillow pressed on the broken bone of his neck that he knew he was injured at all, and then he died. Lang was a truckman. Last night he fell from his truck at Eighty-sixth street and Broadway.

He landed on the back of his neck and head and was for a time unconscious. However, before an ambulance could be sent for he sprang up declaring he was all right except for a slight headache.

He went about his work and at six o'clock took his team to the stable, after which he went home and ate a hearty supper. He laughingly told of his fall and laughingly called it an awful bump, but said the headache had passed away. He remained in the house until after eight o'clock, after which he went to a neighboring saloon, where he remained for an hour. After that he returned home and went to bed.

Persons say it was one of the most remarkable cases on record. There have been numerous cases where men with fractured skulls have gone about for hours, but never before where a man's neck had been broken. One of the small bones of the neck had been chipped off and it was the pressure of this on the spinal cord when Lang lay asleep that killed him.

### BOILERS OF AN EGYPTIAN MAIL STEAMER Explode and the Wreck Goes Down.

Moscow, Oct. 10.—A report from Piraeus says that the Egyptian mail steamer Charkieh has gone down, due to the explosion of the boilers. Two hundred passengers perished.

### ORANGE CROP IS IMMENSE.

Florida to Ship 1,000,000 Boxes, the Most Since 1894.

Jacksonville, Fla., Oct. 10.—Railroad men who are going through the state preparing for the winter's shipment of oranges report that the coming crop will be the largest marketed since 1894. Fruit men say the crop will be fully 1,000,000 boxes. Prices are likely to be \$1.75 to \$2 on the tree. Next season's crop if nothing intervenes, will be over 1,500,000 boxes.

## CITIZENS FIGHTING A GREAT FLOOD

### OVERFLOW OF THE WISCONSIN RIVER AT PORTAGE.

Many Families Are Driven from Home by the Rising Waters—Hundreds of Men at Work on the Government Levee, Which is in Danger of Destruction.

Portage, Wis., Oct. 10.—The greatest flood in the history of this section is raging in the Wisconsin River Valley. Many families have been driven from home, stock has been killed, crops ruined, and the government works are in danger of destruction.

Last spring the river reached a stage exceeding any since 1838, but the present high water exceeds that by at least a foot and a half. The government gauge at the Wisconsin River locks registered eleven feet, and the gauge board is now more than a foot under water.

### Strengthening the Levee.

All last night and all today several hundred men were at work along the levee, extending for a distance of several miles, strengthening the weak points and filling in where the embankments have been worn away.

North of the city on the opposite side of the river the levee has given way, and the water is pouring through a yawning crevasse and flooding the entire valley between the city and the Baraboo Bluffs, resulting in great damage to live stock, crops, and buildings. Hundreds of farmers will have the entire year's crops of grain and potatoes swept away.

### Government Levees in Danger.

The government levees south of and opposite the city are still intact, but at any moment the flood scenes of last spring may be repeated at these points as there are many crumbling and leaking sections of the levee that threaten to break.

In the northern part of the city the water is pouring through the streets, inundating cellars and buildings.

Many families have been compelled to move to higher ground.

### MISSISSIPPI RIVER RISING.

Winona, Minn., Oct. 10.—The Mississippi River at this point today rose over a foot, now registering 12.6 above the low water mark. The river is now the highest it has been in over a year, and if it continues to rise at its present rate for another day serious damage will result.

### Serious Damage at La Crosse.

## STICK OF DYNAMITE FOUND IN GRASS

CHIEF BROUGHTON OF EVANSVILLE MAKES DISCOVERY.

While Searching for "Plants" Made by Burglars Recently Captured at That Place, He Found Tools and Explosives Tied Up in a Blue Handkerchief.

Evansville, Oct. 10.—Ever since the capture of the three hold up men here on Sept. 22 searching parties have made numerous visits to the scene of the capture to see if they couldn't find the "plants" made by one of them while attempting to escape. Chief of Police Broughton was finally rewarded today for his persistent efforts.

Charles Hughes, the only one of the original trio in custody, has been identified by Sheriff Leith of Columbia Co. He had only been out of Waupun four weeks when captured, having just finished a term of years for safe blowing. He had been sentenced from Fond du Lac, Wis.

Charles Winship, who helped capture the three men, guarded Hughes and his pal, while Broughton and Gillman were after the one who gave his name as Frank Paige. Winship declared he saw Paige "plant" twice in his flight to escape. Since the identification of Hughes as a safe blower, Chief of Police Broughton has redoubled his efforts to locate the stuff thrown away by Paige, being satisfied that he had three dangerous men.

Today, in company with DeWare he again visited the scene of the capture, and after searching for more than an hour, he decided to burn off the grass which was very tall and rank. He had just started the grass to burning and was walking back from the fire, when he saw a bundle lying in the grass tied up in a blue handkerchief. He picked it up and upon opening it found one-half stick dynamite, 20 feet water proof fuse and twenty three caps enough to blow up the entire city.

He at once notified Sheriff Leith of Columbia County of his discovery. In all probability these are the three men who "blew" a safe at Milton, Wis., a short time before. They were discovered and when pursued they all three opened fire with their revolvers and escaped in the darkness.

### LA PRAIRIE.

La Prairie, Oct. 9.—Housecleaning is again putting in its refreshing appearance.

## MERGENTHALER LINOTYPE IN THE GAZETTE OFFICE

Rapidly Growing Circulation and Increased Business Compel the Use of Fast Machines To Keep Abreast of the Times—Wonderful Machine.

The Gazette in order to do justice to its rapidly growing circulation has purchased from the Mergenthaler Linotype Co. one of their latest improved machines to set the type for the daily and weekly. The pressure for more reading matter had become so urgent that this step had to be taken to keep up with modern newspaper demands.

The Gazette, alive to the needs and demands of its patrons, has now installed this machine and it can do the work that it would take eight men to do on the case. The machine is doing its work splendidly and has been the source of much interest to the many who have visited the Gazette office within the past few days. With it the paper gives its readers a sheet printed in brand new type every day. There is no such thing as wearing out type when linotypes are used. They make it new for each issue. The Gazette is thus enabled to greet its readers each day with a new dress and to gain all the advantages which go with splendid typographical effect.

### Abreast of the Times.

The installing of this wonderful machine has been no small undertaking but the management feels more than compensated by the results already obtained. The Gazette believes in keeping abreast of the times and will always be found with all the improvements the trade demands.

Years of continuous experiment, and the expenditure of a million dollars were required for the invention of the Mergenthaler Linotype. The Linotype is pronounced by the London Engineering to be "the most remarkable machine of this century." Its invention and introduction are effecting a revolution in the business of printing newspapers and books which is scarcely second in importance to the wonders wrought by electricity.

It marks the first and only successful forms of type-composition. The last great improvement was the production of a machine in which the linotypes were produced instantly and ready for use on the press by the mere fingering of keys like those of a typewriter, the keys serving to assemble temporarily in line metal matrices bearing individual letters against which the slugs or linotypes were cast in type metal.

### In Use Everywhere.

This machine, known today in every part of the world as the Linotype, is now extensively made in factories in the United States, England and Canada, giving employment to many hundreds of men. The machine is used on more than five hundred of the leading dailies of the world. Over five thousand machines are in constant use throughout the world, and by numerous book and job printers.

## FIRST MEETING OF THE CHORAL SOCIETY

Large Number of the Members Were Present, and a Most Successful Season is in Prospect.

Last evening Prof. L. A. Torrens of Chicago, conducted the first meeting of the season of the Janesville Choral Society, which is to be under his charge this season. A large number of the members were present, and a very successful season work is anticipated. Mrs. J. F. Sweeney will preside at the piano at all the meetings. After the instruction hour a business session was held, and some minor details arranged. The yearly dues were placed at \$5.

One of the pleasant features of the evening was the singing of Mrs. Jennie Thatcher Beach, and Charles Surdinger of Chicago. Both artists were compelled to respond to encores. Mrs. Beach sings in the Second Baptist church, and Mr. Surdinger in the choir of the Kenwood church, Chicago.

## FINE MUSICALE AT HOME FOR BLIND

The musicale at the state school for blind yesterday afternoon was one of the finest ever given in the city. The audience was mostly made up of the pupils of the school, and it is safe to say that the artists who took part never had a more appreciative audience.

Mrs. Jennie Thatcher Beach of Chicago, who is the happy possessor of an exquisite soprano voice, took the leading part in the exercises. Charles Sindlinger of Chicago, who holds one of the best choir positions in that city, also sang several selections. His fine tenor voice was especially pleasing to the audience. Miss Mattie Kennedy of Rockford sang a lullaby exquisitely, and Mrs. Bea of Rockford sang a Scotch ballad in a pleasing manner.

A chorus by the school was one of the numbers and the school orchestra played several selections in a pleasing manner. H. W. Adams played a violin solo in a masterly manner and it was highly appreciated by those present.

The fine artists that visited the school are the pupils of Prof. L. A. Torrens, and he and Miss Backwith were well repaid for their efforts in arranging the affair by the pleasure given the pupils.

## MUST STOP SMOKING.

Old Preachers as Well as New to Quit Tobacco.

Chicago, Oct. 10.—Tobacco, Satan's representative in the vegetable kingdom, was cast into outer darkness today by the Methodist ministers of the Rock River conference when they resolved by a rising vote that not only the young but also the old preachers should repent for having smoked and go and sin no more.

Rev. Samuel Earney of Auburn Park caused the action by introducing the following resolution, which was adopted by an overwhelming vote:

"Whereas, The subject of tobacco in reference to our young men admitted to the conference has emphasized the necessity of their observing the general conference rule on this important matter; and,

"Whereas, We dare not, on the ground of consistency, countenance a double standard of habit;

"Resolved, That we emphatically request all members of this conference, irrespective of age or station, to abstain from the use of this obnoxious weed if addicted thereto."

## Vessel Tossed by the Gale.

Duluth, Minn., Oct. 10.—The steamer John Owen had a terrible experience in a cyclonic gale on Lake Superior, between Whitefish and Keweenaw points, on Sunday. The crew of the Owen say the fury of the sea was terrific, and the waves pounded the vessel until its starboard bow was carried away, the pilot house was shifted four feet, the smokestacks were blown out of gear and the engines were disabled. There were nine inches of water in the cabin at one time. For ten hours the vessel drifted almost at the mercy of the gale. The members of the crew were all sick, and it was feared for a time that the boat would go to the bottom. The damage will amount to \$600.

## SPRINGTIME.

Is the sweetest season in human life, as it is in Nature generally. It is the time of promise. As the young girl draws near to that mysterious line "Where womanhood and girlhood meet," her whole destiny is in a measure being determined. How often the sweet young girl, under the influence of the change, withers and droops like some blighted bud. Nature generally needs some little help at this critical period, and this help in its best form is contained in Doctor Pierce's Favorite Prescription. It establishes regularity, and gives the vigor of perfect health to the womanly organs. It contains no alcohol, neither opium, cocaine, nor other narcotic.

**MR. BRYAN'S WARNING**

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me, because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

**THE REAL ISSUE.**

As the campaign progresses it is apparent to the most casual observer, that there is really but one issue, and that is the same old issue that menaced the country in 1896.

However much the Bryan party may talk, imperialism and trusts, it is very evident the only question of vital importance, and the only question in which the people feel a vital interest, is the question of sound money.

The nation has no fear of imperialism. The common sense of ordinary intelligence is not disturbed over the ranting of a few calamity howlers, who seek to place Aguinaldo on a pedestal and crown him a second George Washington.

What foundation is there for all this nonsense about imperialism? The history is of too recent date to have escaped the memory of the most shallow mind.

In a nut shell, America was forced into a war with Spain. As a result, Porto Rico, Hawaii and the Philippines, and a guardianship for a time over Cuba, came into our possession.

Because of this fact and without any regard to causes and conditions, Mr. Bryan and his supporters would have the country believe, that imperialism, a new dynasty, and complete revolution, prompted by desire to territorial expansion, is the next step contemplated by the administration party.

The claim is so transparent that it has already lost caste, and but little will be heard of it during the balance of the campaign.

Mr. Bryan's most ardent adherents know that the war with Spain was in the interests of humanity pure and simple. That it resulted after every honest effort to avoid it was exhausted.

With a weak and suffering nation within hailing distance, stretching out appealing bands under a tyranny that paralleled the history of the dark ages, there isn't a Christian nation in the world that would have done less.

Sectional and party lines were abolished in a desire to help the weak. The motive was human and God-like, and the results from a human standpoint were most gratifying. This yoke of tyranny has been lifted from the neck of Cuba and Porto Rico; Hawaii is blessed with intelligent government, and the Philippines stand on the threshold of a civilization that will lift them from barbarism, into the bright sunshine of civilization.

In the face of these facts Mr. Bryan and his party enter a protest, and for purely political reasons the party in power is traduced and maligned, under the gauze of imperialism. The American people are not fools, and the manufactured issue is meeting the fate that it deserves.

The question of trusts and their relation to political parties, is equally nonsensical. The law of supply and demand and the competition for business will continue to regulate as it always has, the commercial and industrial world. This nation, with its intelligence, will never pass a law regulating either the consolidation of capital or labor. Both may be harmful under some conditions, but they are amenable to the court of public opinion, which seldom makes a mistake in passing judgment of enforcing the penalty. Mr. Bryan is

finding this issue a man of straw. The issue of the campaign is the 16 to 1 issue, identically the same as it was four years ago. It is weaker than it was then, because it lacks the support of the robber tariff.

The American people have been robbed so much by the tariff that they enjoy it, and the Bryan party has been so largely benefited that policy prompts it to keep still.

If you want a 16 to 1 dollar, worth today less than 50 cents, vote for Bryan; but if you believe in honest money and an honest and prosperous administration of national affairs, vote for McKinley.

Mr. Bryan made plenty of votes for McKinley by denouncing the tariff in his speech at Anderson, Ind., last Saturday. He was talking to an audience of iron plate workers, whose employment in this country was made possible by the tariff.

Bryanism insulted Governor Roosevelt in Colorado by attempting to do him bodily harm. The same party attacked him as he was leaving church in Chicago Sunday. Democracy has too much respect for itself to endorse this sort of campaigning, and the new party has added another insult to the score.

The census shows that the city of Lincoln, Nebraska, has decreased twenty seven per cent since 1890. If Mr. Bryan continues his 16 to 1 oratory for ten years more, there won't be anything left of the place but a grease spot.

Wisconsin should return a full republican delegation to congress. The leading and only issue of the campaign, 16 to 1, is of too vital importance to take any chances with the lower house of congress.

Some one has truthfully said that the difference between Bryanism and democracy is the difference between politics in its worst sense and statesmanship in its historical significance.

Bryan says that one term as president is all he wants. A modest ambition, but subject to disappointment this year. Try it again in 1904.

Many of the prospective industries are awaiting the result of the November election. Should Bryanism win, there will be factories to let.

The people of Kansas are so busy this fall that campaign orators are unable to attract an audience in the day time.

Mortgages have decreased in Nebraska forty per cent. this year, in spite of the young man Bryan's 16 to 1 heresy.

The question of trusts, like the question of prohibition, will never be regulated by law.

Mr. Bryan has made no promises concerning his cabinet. A very wise man.

Have you registered?

**RAILWAY MEN FORM  
A POLITICAL CLUB**

THEY WILL BE JOINED BY THE  
TELEGRAPH MEN.

New Political Association for Sound Money and Protection Will Be Formed at Columbia Hall Tomorrow Evening—Good Speakers Will Be in Attendance—Everybody Invited

What is expected to be one of the most enthusiastic political meetings of the season will be held in Columbia Hall, Thursday evening, October 11 at 7:30 o'clock.

The railway and telegraph employees of Janesville and vicinity will meet there for the purpose of forming a league under the auspices of the National Railway and Telegraph Employees Political League. C. A. Grant, organizer of the lines of the C. M. & St. P. Railway, and A. W. Conners, organizer of the lines of the C. & N. W. Railway, will be present and address the meeting.

Col. Edward G. Harlow, of the C. & N. W. Railway company, will preside. There will be good speaking and music and a good time is assured to all who attend. In 1896 the railway and telegraph employees, irrespective of party affiliations, did noble work for the cause of sound money and protection and they are organizing and working just as enthusiastically for the same cause this year.

It is hoped that a large number of the employees of the telegraph and railway companies will avail themselves of the opportunity of joining the league at this time and do all they can to further the cause of sound money and protection.

Come to the meeting whether you join or not, you will have a good time and hear some good speeches on the objects for which the league is formed. Both Mr. Grant and Mr. Connor are good talkers and are thoroughly interested in this matter. It will do you no harm to investigate this and it may do some good. It is hoped that there will be a good attendance at this meeting.

**BIG HARVEST HOME  
FESTIVAL IS HELD**

The Young People's Society of Trinity church gave a most successful harvest home party at Assembly hall last evening. One hundred and fifty couples were in attendance and spent a most enjoyable evening dancing to the sweet music of Smith's orchestra.

The hall was decorated with harvest products and jack lanterns grinned out from the corners.

The success of the party was largely due to the following committee who had it in charge.

Arrangement—Will Drummond, Maude Kneippeberg, Ernest Kneip, Eva Dopp, Agnes Drummond, May Coyro and Eugene Olin.

Florist—Clinton Barker, Eugene Olin and Ernest Kneip.

**CHRIST. KOERNER IS  
OUT FOR M'KINLEY**

Hon. Christ Koerner, LL D., brother of Rev. J. C. Koerner, pastor of St. Paul's Lutheran church of this city, editor of the legal department of the Milwaukee "Germania" for many years, is on the stump for the republican party. He delivered thirty-six campaign speeches at Chicago and addressed the people of Cook county, Ill., twice last week. This week he is to speak at LaPorte, Ind., on the 8th, 9th and 10th, at Fort Wayne on the 11th and 12th, and at Wabash on the 13th. Thence he will go to Southern Indiana and address the people in a number of cities along the Ohio river. Mr. Koerner speaks in both languages, English and German. He is a graduate at the Washington University at St. Louis, Mo., and was admitted to the bar in 1875.

**BOHMRICH WILL  
SPEAK TONIGHT**

Democratic Candidate For Governor of Wisconsin to Make An Address  
At Myers Opera House.

L. G. Bohmrich, democratic candidate for governor, was in Milwaukee several hours yesterday. He said that he was satisfied with the outlook. He believed that his throat had become well enough to allow him to fill all of his dates until election day. He spoke at Hartford last night. He is to be at Janesville tonight, at Grand Rapids tomorrow night; at Merrill Friday night and at Wausau Saturday night. His next speech in Milwaukee will be at the Babo Frei hall on Oct. 25.

The local meeting will be held at the Myers opera house and the faithful are preparing to turn out en masse.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by Smith's pharmacy kodak agents.

Marriage licenses have been issued to Birney Clark Bachelor, Philadelphia, and Annie Laura Chapin of Beloit; Edward F. Hemming and Eleanor E. Walsh, both of this city; John Cartwright and Elizabeth Tarpley, both of Milton.

**NEW INDUSTRY IN  
BELGIAN HARES**

HAS BEEN TAKEN UP BY PAR-  
TIES IN THIS CITY.

Extensive Rabbits Have Been Estab-  
lished, and by Next Spring a Large  
Number of the Animals Will Be  
Ready for the Market—Methods of  
Raising Them.

The raising of Belgian hares is an industry that has been carried on on a large scale in California and the west, has been taken up by parties in Janesville. Norman L. Cowles and William M. Pfeifer have extensive rabbits and by next spring will have a large number of hares ready for market. A large amount of pleasure as well as profit can be derived from this industry.

The hares are very prolific and if left alone will breed every thirty days after they attain the age of six months. The most successful breeders, however, do not attempt to raise any young until the doe is from seven to eight months old and then only in the winter seasons.

When full grown a good hare will weigh about eight pounds, and from the time of its birth until six months old it grows rapidly and gains about a pound a month. The number of young varies from six to twelve at time, the average being eight or nine.

There is a good demand in the market for the meat which brings from 20 to 25 cents a pound. It is good eating, being much like chicken, only leaner and has none of the rank taste of the wild rabbit. It costs little to raise one of these animals. Breeders say 50 cents a year will cover all the expense of raising. The breeding animals are kept separate, each one having a batch to itself which prevents their fighting, they being quarrelsome when put together.

A good specimen of the Belgian hare should weigh about eight pounds, be rangy and of a color called Rufus red, with good loeing on the ears and pronounced tickling down the back. The ears should be large and round of rich hazel color, with a distinct light shade around the edges.

The breeders raise the animals in hutches three by four feet square and twenty inches deep which will accommodate an old rabbit and eight or nine young.

They will eat anything a sheep will but will not forage for themselves. If one were turned loose it would be liable to starve and they are so tame that they fall easy prey to cats, dogs and other animals.

Mr. Cowles has been in the business about a year and has some very choice stock. Most of his original animals being purchased in Los Angeles Cal., and Denver, Col. Most of his rabbits are pedigree stock of the Lord Brittan and Edinborough mystery strain. The owners of Lord Brittan refused \$2,500 for him and then lost him by poison at a rabbit show where he was on exhibition.

Mr. Cowles has two large rabbits and expects to have three hundred bares ready for the market by spring. Mr. Pfeifer is also an extensive breeder of these animals and has some choice stock, his being the Lipton and Yuco strains. Both of these gentlemen expect to realize a good sum on their investment when they are ready to put the hares on the market.

**WALSH-HEMING WEDDING**

Pretty Home Wedding At Residence of  
the Bride's Parents.

A pretty wedding took place this morning at the home of the bride's parents. The contracting parties were Miss Eleanor E. Walsh, and Alderman Edward F. Hemming, son of Mrs. William Hemming. The ceremony was performed by the Rev. Dean McGinnity in the presence of the immediate relatives and a few close friends.

Miss Lizzie Walsh, sister of the bride, was bridesmaid and John Hemming, brother of the groom, best man. After the wedding a sumptuous wedding breakfast was served. The room was decorated with plants and cut flowers.

The young couple were the recipients of many beautiful and costly presents from their relatives and loving friends. The bride is a young lady of whom too much cannot be said. For several terms she has been a teacher in the Washington school and was loved alike by teachers and scholars. Her many beautiful qualities have made for her a large number of close friends.

The groom is a young man of sterling qualities. He is employed in the brewing business with his brother and has many warm friends. He was elected to the city council by the democrats of the Fourth ward at the spring election and has shown himself to be well fitted for the position.

The young couple left on the 10:40 train for Milwaukee and after a wedding trip of about a week they will return to this city and reside with the groom's mother, Mrs. Emily I. Hemming, at 55 Cherry street for the winter.

## CHINESE YIELD TO ALLIES.

Authorities in Pechili Province Surrender.

## ALL NATIVES MUST DISARM.

Forty-Eight Hours Granted in Which to Obey the Mandate of the Commanders—Sentences for Boxer Leaders—Three Heads to Fall.

Rome, Oct. 10.—A Taku dispatch to the Messenger says Field Marshal Count von Waldersee and the admirals of the allied fleets recently invited all the Chinese civil and military authorities in the province of Pechili to yield their offices to the allies within forty-eight hours. Nearly all of the officials came in and surrendered and a general disarmament of the Chinese in the province was ordered. Eight thousand Chinese who were working on the fortifications of the great wall fled.

Sentences for Boxer Leaders. Shanghai, Oct. 10.—A response to the German demand has been transmitted to Li Hung Chang. This says that Ying Nien, president of the censorate; Yang Yi, assistant grand secretary and president of the civil board, and Chao Shu Chiao, president of the board of punishment, will be decapitated; that Prince Chwang, Duke Tsai Lan, and Prince Yih will be sentenced to life imprisonment, and that Prince Tuan will be banished to the imperial military post roads on the Siberian frontier, as a further punishment for aiding the Boxers. Trustworthy Chinese reports say that the dowager empress is seriously ill at Tai-Yuan-Fu (province of Shan-Si), and the free hand of the emperor in affairs of state of late is regarded as confirmatory of these reports. Prince Ching has received an edict from the emperor dated Oct. 1, in reply to a note sent at the request of the legations, saying he will return to Pekin as soon as the negotiations take a favorable turn.

England's Non-Action Causes Comment. Paris, Oct. 10.—The continued failure of the British government to reply to the note of Minister of Foreign Affairs Delcasse, proposing the razing of the forts at Taku and the prohibition of further importations of war munitions, is exciting much comment in Paris.

McKinley and Cabinet Convene. Washington, D. C., Oct. 10.—President McKinley and his cabinet talked about the Chinese situation with particular reference to the proposals of France for a settlement of the troubles. The discussion at the cabinet meeting did not result in definite conclusions in regard to all points in the French note, and there will be conferences between Mr. McKinley and Mr. Hay before a final draft of the American answer is made.

**LIST OF MISSIONARIES SLAIN.** Full Roster of Protestant Victims of the Chinese Boxers.

New York, Oct. 10.—A complete list of Protestant missionaries known to have been killed from the beginning of the Boxer movement to Sept. 5 has been received by the American Bible society from the Rev. John R. Hykes, D. D., its agent in Shanghai, as follows:

Seeks Left Ears of Americans. New York, Oct. 10.—One hundred dollars reward is offered for each left ear of a member of the Forty-seventh regiment of volunteers, according to the story told of a Filipino father's revenge by Sergeant Rose L. Barton and Zimmerman, just returned from the Philippines to their homes at White Stone, Long Island. Marcelline Mares, a wealthy Filipino, whose son, a lieutenant in the Filipino army, was shot in battle by Sergeant Fowler of the Forty-seventh, also of White Stone, has sworn, Barton and Zimmerman say, to devote every dollar of his large fortune to vengeance. They say his offer had immediate effect, every American soldier's body falling into the enemy's hands being mutilated by the removal of its left ear. They say the old man already has a string of 100 ears, not more than five of which could have come from bodies of the dead of the Forty-seventh.

Hoo-Hoo Meet at Dallas, Texas.

Dallas, Texas, Oct. 10.—The first business session of the ninth annual national meeting of the Concatenated Order of Hoo-Hoo was called to order in Macabees' hall. More than 3,000 members of the fraternity are in the city. Mayor Cabell delivered an address of welcome, which was responded to by the snark of the universe, George W. Lock, of West Lake, La., and by D. D. McLeod of Cincinnati.

Shoots Woman for Wolf.

St. Stephen, Minn., Oct. 10.—While Nelson Fernstrom was hunting near here he mistook Mrs. Stromer for a wolf and instantly killed her. The woman was out searching for cattle and climbed up a strawstack to see if she could locate them. Night was approaching, and in the darkness Fernstrom made his fatal mistake.

Find Third Body in Well.

Winnipeg, Man., Oct. 10.—The dead body of an unknown woman was found in a well at Bolseyn, Man., making three bodies, including those of C. Daw and J. Smith, discovered on Sunday. No motive for the murder of the woman can be given. Provincial and city officers and detectives are hard at work on the case.

Boise City, Idaho, Oct. 10.—The Idaho Soldiers' home was destroyed by fire, incurring a loss of \$40,000. There were eighty inmates. No one was injured. The old men will be housed in buildings in town, some being taken to the statehouse. The home was erected in 1893.

Bicycle Rider Killed at Greenville, Ohio.

Greenville, O., Oct. 10.—John Burroughs, aged 18 years, was riding a bicycle, when he ran into a man. In falling his head struck the brick paving, killing him instantly. The young man's parents live at Chrisman, Ill., and he was here visiting relatives.

Cook's Duchess Tablets.

New York, Oct. 10.—A dispatch to the Herald from Santo Domingo says: "A revolution has been started in San Francisco. General Pipl Pichardo and eight more insurgents have been taken prisoners. The government has declared the suspension of constitutional guarantees because of the disturbances."

## SMILEY TO CONFESS ALL.

State's Officers Think the Operator Will Talk.

## MISS DEFENBACH'S LIFE.

Well Reared and of Good Family, as I the Prisoner, F. Wayland Brown—Did the Conspirators Substitute a Corpse?

Chicago, Oct. 10.—Details of the insurance plot involving the mysterious death of Miss Marie Defenbach, it is thought, will be revealed by Operative Frank H. Smiley, who is a prisoner in the county jail. The state's attorney and Manager Boland of the Mooney & Boland detective agency believe that he will reveal the facts and turn state's evidence in order to save himself from the penitentiary. The hope of a confession from Smiley, and possibly from Dr. Unger, is based upon the fact that the doctor is known to have turned state's evidence in another case and that Smiley was but an instrument in the hands of the arch conspirators. Dr. Unger was within the pale of the law before he was arrested for forging patent medicine labels. He told what he knew of the case to the state's attorney and thereby secured his liberty.

Smiley Not an Active Agent. The theory of Mr. Boland is that Smiley was introduced into the plot after it had about fully matured. His part was the passive one of palming himself off as the girl's fiance. F. Wayland Brown also said last night that when he entered the scheme he did not think there was anything crooked being carried on. Brown's friends and also the friends of the dead woman assert that the doctor had a hypnotic influence by which he controlled the actions of his compatriots to suit himself.

When the grand jury convenes next week indictments will be asked against the prisoners on the charge of conspiracy to defraud the insurance companies. In the case of Dr. Unger an indictment more serious in nature may be asked as a result of the suspicious circumstances surrounding Miss Defenbach's death. The penalty for the first offense is a term in the penitentiary under the indeterminate sentence law and a fine of from \$1,000 to \$10,000.

Law and Medical Student. It developed yesterday that during Brown's connection with the detective agency he studied medicine as applied to women's cases. He also took up the study of criminal law, asserting that his business would be improved by it.

When Mr. Brown was arrested yesterday a bottle marked "poison" was found in his satchel.

Besides the six straight insurance companies which Miss Defenbach is said to have attempted to swindle word has been received that she made application for policies in several mutual benevolent organizations. She tried to secure a policy of \$2,000 in the Ladies of the Maccabees, but was rejected, owing to suspicions aroused during her examination. It was found that she held large policies in other companies without a legitimate reason and the officers of the lodge refused to admit her.

Home Life of the Girl. Mrs. Mahoney, is whose house Marie Defenbach died, is an old resident of Chicago. She has been for several years cashier of the Knights and Ladies of Honor.

"I became acquainted with Miss Defenbach first when she became a member of the Knights and Ladies of Honor," she said. "She came here immediately afterward, and although I had no place for her she insisted upon staying. She was such a sweet girl, so bright and happy, that I learned to care much for her."

"No action on her part ever aroused our suspicions. No one ever came to see her until Dr. Schreuder was called in, except once, when Mr. Smiley called."

Miss Defenbach was talking with us, and when Mr. Smiley was admitted she arose and said: "Here is Frank." She then left the house with him. That was eight days before she died.

She did not leave the house on the day she died. Although she had been sick for a week we were not alarmed, because she had been attended by Dr. Schreuder.

**STRIKERS MAY REJECT OFFER**

Rejection of the Ten Per Cent  
Believed Certain.

**GAIN HELD TO BE TOO SMALL.**

President Mitchell Delivers a Speech at Shamokin to a Large Crowd—He Talks of the Coming Convention and Possible Terms of Settlement.

Hazleton, Pa., Oct. 10.—A National Mine Workers' official declared to-day that the miners' convention at Scranton would reject the offer made by the operators—a 10 per cent advance in wages, a part of which is a reduction in the price of powder. If this prediction proves correct the end of the strike will be postponed indefinitely.

Opposition to the operators' offer is developing rapidly. A delegation of McAdoo strikers called at headquarters. The members did not hesitate to say their local union would not accept the terms offered. Similar reports came in all day from other localities. In other districts, where powder has been sold for \$1.50, the men favor accepting the compromise offer, but in the opinion of the official quoted these men will be outvoted on Friday. The convention gives promise of being a lively meeting and it is possible the 1,000 delegates expected to attend will not be able to reach a decision by Saturday. In the event the convention lasts over Sunday an effort will be made to have the operators meet or make a more definite offer. Should this plan succeed it is possible an agreement will be reached on Monday. It is considered likely, however, that a vote to continue the strike will be reached on Saturday. Many delegates were elected, the majority being instructed, but to what effect it was impossible to learn.

**Big Demonstration at Shamokin.**

Shamokin, Pa., Oct. 10.—President Mitchell of the United Mine Workers, who took part in the labor demonstration, was welcomed in a most enthusiastic manner by the thousands of striking mine workers in this section of the Schuylkill valley. The city was profusely decorated and all the stores and other business houses in the vicinity closed at noon and thousands of persons came from surrounding towns to march in the parade and to listen to Mr. Mitchell's speech. Fully 6,000 strikers were in line.

**Mr. Mitchell's Speech.**

President Mitchell said in part: "Every other strike that has taken place in the anthracite region has been declared off by your officers. Heretofore when men went on strike they remained out for a time and then the chief executive or the executive board declared the strike off without consulting the wishes of the strikers. I want to say, as I have said before, that this strike will never end until the miners, through delegates in convention, end it for themselves. We have called a convention, and you men are invited to send delegates there. You are invited to pass judgment on the operator's proposition. If you believe that they act in good faith, if you believe 10 per cent to be enough, if you believe that they will pay the 10 per cent for a year, then you must decide whether to return to work. On the other hand, if you reject the offer and continue on strike, John Mitchell will be there to help you do it. I do not expect that this one strike will eradicate all the wrongs from which you suffer. I do not believe that the accumulation of forty years of injustice can be wiped out at once, but I do believe that you have established an organization here that with each succeeding year will give you improved conditions of employment."

**PANTHER CREEK IDLE.**

About 900 Miners Who Have Hitherto Resisted Join Strike.

Manch Chunk, Pa., Oct. 10.—In the Panther Creek valley about 900 miners are out at Coaldale and vicinity. The collieries affected are Nos. 8, 10 and 11 of the Lehigh Coal and Navigation company. The company's officers are doing all in their power to keep their men at work. Local newspapers have issued extras asking the men to refrain from striking. In spite of all this the strike leaders assert they will succeed in tying up the region in a day or two.

Hazleton, Pa., Oct. 10.—The A. S. Vanwickle estate, operating the Colemine and Mineville collieries, and Calvin Pardee & Co., owners of the Lattimer mines, have posted notices offering the 10 per cent advance in wages to its mine workers. The notices are similar to those posted by the other coal companies. There are only about four other individual operators in this region that have not yet offered the increase, among them being G. P. Marke & Co. These firms, however, are expected to make the wage concession within the next few days. If they do not and the miners' convention decides to accept the 10 per cent advance offered, the strike leaders say they will be forced to fall into line.

**Colville Reserve Is Open.**

Spokane, Wash., Oct. 10.—The north hall of the Colville Indian reservation was opened to settlement at noon to-day. Hundreds of homeseekers made a rush at the Spokane and Waterville land offices, but there was little trouble, owing to the great area of the tract thrown open, which is about equal in size to the state of Delaware.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Smith's pharmacy, opposite P. O., Kodak agents.

On Oct. 16 the C. M. & St. P. R'y Will Make the Very Low Rate of \$12,000 for the Round Trip.

**SORES AND ULCERS.**

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid effeminate.

**A CONSTANT DRAIN UPON THE SYSTEM.**

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can.

It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. D. Talbert, Loc. Box 242, Winona, Miss., says: "Six years ago I had a sore to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S. and it made a complete cure. I have been a perfectly well man ever since."

**SSS** is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

Mother and Son Burned.

Peoria, Ill., Oct. 10.—The young son of Edward Palmer, superintendent of carriers of the Peoria postoffice, died at 10:30 last night, and the mother will probably not survive, as the result of a terrible accident at 6 o'clock last evening. They were sealed near a cook stove, when an older son brought a can of gasoline from the grocery. The gasoline was running over, and it ignited, setting fire to the clothes of Mrs. Palmer, and before the flames could be extinguished both were terribly burned.

Sells Kruger's Hat Box.  
London, Oct. 10.—A silk hat box purchased in London about ten years ago by Paul Kruger, was sold at auction here. There was keen competition for possession of the hat box, which finally realized £25. A pipe at one time used by Mr. Kruger fetched £8 10s.

Island of St. Helena, Oct. 10.—The British transport Idaho landed about 200 Boer prisoners here. Gen. Cronje and the other Boer prisoners are preparing a big celebration of Paul Kruger's birthday.

Levee at Portage, Wis., Breaks.  
Portage, Wis., Oct. 11.—The Wisconsin river is now higher at this point than at any time definitely on record. Old settlers, however, claim that the water in 1851 exceeded the present mark. The levee is broken above the city, and all the lowland between this city and the Baraboo bluffs is flooded, causing much damage to crops, stock and buildings. The northern portion of this city is already inundated, and the water is rushing in a wild current through the streets.
